

LO SPORTELLINO

THE 1ST PATENTED SYSTEM WITHOUT REPLACING THE TUB

LO SPORTELLINO

Innovation and comfort for the bathroom

The 1st patented system
without replacing the tub

An easy-to-install solution suitable for
every budget and need to make the
bathroom safe and accessible.

Easy Entry, Easy Life

Lo Sportellino is the patented solution that **transforms the bathtub quickly and efficiently**, avoiding invasive and costly interventions.

Easy to install, it provides an immediate answer suitable for every age, budget and practical need, both in domestic and professional environments.

Thanks to the patented Made in Italy system you guarantee your customers fast and clean work, preserving the existing bathtub.

Let's transform the bathtub, let's improve life

From a family business to an international reality, we offer solutions that enhance life and make every bathroom a corner of wellness at home.

We do this through constant research, enriched by recognized patents and approval from the Ministry of Economic Development.

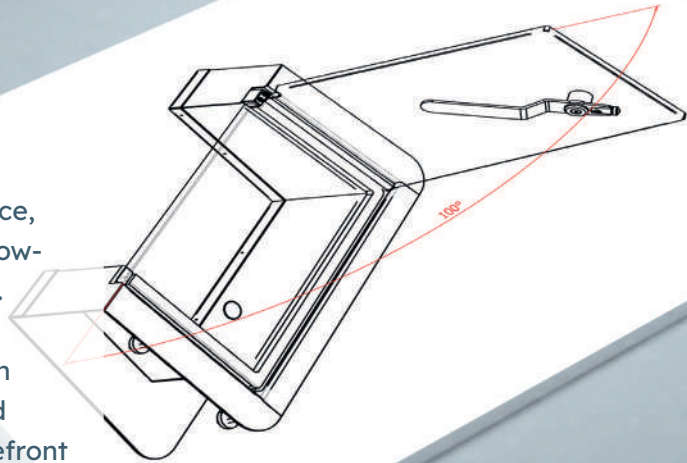

Behind every innovation of ours there's a vision: a world where the bathtub becomes an accessible and safe place for everyone, suitable for people of all ages and conditions.

Our patent stems from years of experience, blending Swiss and German technical know-how with Italian ingenuity and creativity.

This technology represents a revolution in the sector of bathroom improvement and transformation, positioning us at the forefront of the Italian and European panorama.

With Lo Sportellino we guarantee rapid and minimally invasive interventions, reducing inconvenience and respecting agreed-upon timelines, ensuring the highest quality.

The patent, the essence of our innovation
